

## Decorative Art Work.

The exhibition by the Members of the Kilohana Art League has given decorative art an impetus such as has not been felt for years. The China painting fad has reached us and some handsome specimens were shown in the art rooms. The material for doing the work came from us and we now have in stock an elegant assortment of Lacroix Tube Colors and Brushes, Burnishers Stipplers used in this class of work. Our stock is complete with the finest assortment of colors, brushes, canvas and frames for art work.

Elegant show rooms and goods new. Prices about as cheap as you ever heard of.

## THE BOARD OF HEALTH.

COMMITTEE APPOINTED TO SELECT A NEW BURIAL PLACE.

Bishop Willis Talks to the Board Concerning the Compulsory Closing of Churches.

The most important matter considered at the meeting of the Board of Health yesterday was the selection of a new burying ground for victims of the cholera.

A special committee on the matter consisting of Dr. Herbert, George W. Smith and J. A. McCandless reported that the present burial place was unsuitable for many reasons and recommended that burials be discontinued at once. The committee recommended burials at sea at least twenty miles from shore. The bodies must be wrapped in a sheet saturated with corrosive sublimate, this in turn to be followed by a blanket saturated in the same disinfectant, and outside of the whole a sheet of canvas. Soil in the vicinity of Honolulu seemed hardly fitted for burial of persons having died from cholera.

After a long discussion it was decided that a new burial place be selected on the railroad near Moanalua.

The next matter taken up was the quarantining of the valleys, and a motion finally prevailed that a quarantine be placed over the following: Manoa, Palolo, Pauoa, mauka of Pauoa road; Nuuanu valley, from Judd street up and between Nuuanu street and the stream mauka of the second bridge; Kalihi valley, from King street up, and Makiki. No one will be allowed to go into these districts without a permit, and residents will be allowed to come to the city only when necessary.

A protest was read against the closing of saloons but no action taken.

A written protest from Bishop Willis brought up the matter of closing the churches again, but no change was made in the previous action of the Board.

A discussion of the action of the Kauai people in declaring an eighteen days' quarantine against Honolulu next ensued, but nothing was done about it.

A set of rules and regulations for the cholera hospital were adopted.

The request of the surgeon of the Bennington for permission to take that ship to Lahaina was laid on the table for the present.

Notice—Brown & Kubey, wholesale and retail dealers in Watches, Clocks, Jewelry and Plated Goods, formerly of The Masonic Block, have taken the store lately occupied by Scharf's News Stand in the Arlington Block on Hotel St. \*

## Popular Topics of the Day.

Honolulu has as many machinists considering the population as any place we know of—and they're good machinists too, men who can take a steel rod and with the assistance of a lathe fashion it into parts for the most intricate machinery for an engine. To do this, of course, requires a knowledge of tools as well as the handling of them.

In our store room one department contains the most complete assortment of machinists, tools in the city. Look at them and you will find they are all of first quality (the price will give you the impression that they are thirds) every one of them shining like an African's heel. The assortment consists of hammers—all sizes and shapes from the cute little one used by the jewellers to the heavy one which the boiler maker uses in riveting the steel plates together. Then we have the Handy Pipe Wrench, a new device without a fault. This tool will be found a convenient one even in the house where none of the occupants are machinists. Hand vises for machinists can be had of us in every size manufactured, so can Pipe Vises and Cold Chisels. We have every thing used by metal workers in their trade.

Then we have a stock of carpenters wood working tools second to none in the city—first only in quality. You cannot call for a tool used by a carpenter that we do not have in stock. Another thing you may be interested in is an axe that will hold its edge—a new thing in axes and something every one needs about the house.

Bird cages have been mentioned in another paper; just here we will say that the stock we carry is complete.
